

THE PUBLIC IS MORE FAMILIAR WITH BAD DESIGN THAN GOOD DESIGN. IT IS, IN EFFECT, CONDITIONED TO PREFER BAD DESIGN, BECAUSE THAT IS WHAT IT LIVES WITH. THE NEW BECOMES THREATENING, THE OLD REASSURING.

PAUL RAND

A DESIGNER KNOWS THAT HE HAS ACHIEVED PERFECTION NOT WHEN THERE IS NOTHING LEFT TO ADD, BUT WHEN THERE IS NOTHING LEFT TO TAKE AWAY.

ANTOINE DE SAINT-EXUPÉRY

...THE DESIGNER OF A NEW SYSTEM MUST NOT ONLY BE THE IMPLEMENTOR AND THE FIRST LARGE-SCALE USER; THE DESIGNER SHOULD ALSO WRITE THE FIRST USER MANUAL...IF I HAD NOT PARTICIPATED FULLY IN ALL THESE ACTIVITIES, LITERALLY HUNDREDS OF IMPROVEMENTS WOULD NEVER HAVE BEEN MADE, BECAUSE I WOULD NEVER HAVE THOUGHT OF THEM OR PERCEIVED WHY THEY WERE IMPORTANT.

DONALD E. KNUTH

*For John Stropes, Joshua Lane, and  
Meghan Carlson, without whom I wouldn't.*

# *Introduction*

This document owes much to the work of John Stropes and Joshua Lane at the University of Wisconsin-Milwaukee. Depending on one's view, this document could be considered lovingly stolen from the stylesheet used by John Stropes at Stropes Editions, Ltd. This work was inspired by the class TRANSCRIPTION AND TYPESETTING FOR FINGER-STYLE GUITAR at the University of Wisconsin-Milwaukee in the Spring of 2017.

THE PURPOSE of this document is to generate consistency in the production of finger-style guitar scores. I offer it freely to all who are interested. If you feel motivated to contribute in any way, please feel free to email me your questions, comments, and concerns. This offering is done solely based upon my desire to see the transcription and typesetting of finger-style guitar music rise above the mundane and become a thing of beauty, clarity, and conviction. I believe that this can be achieved through special attention to detail. For instance, a quarter of a point can make the difference between the annotation of a 'p' clarifying or obfuscating the will of the typesetter.

# *Starting a New Document*

Before beginning a new Finale document one must ensure that all elements of the composition are known. These elements include but are not limited to its form, key signature, time signatures, desired staff for standard notation, etc. Knowing these elements will ensure that the preparation of the new document will keep bugs away later on. Changing these elements after having started the document can introduce bugs which will either greatly hinder the development of the document or make it impossible to continue.

## *Initial Steps*

1. New Document
2. Default Document
3. Change Margins
  - Settings for MacOS Finale
    - (a) Page Layout Tool
    - (b) Page Layout → Page Margins → Edit Page Margins...
    - (c) Top, Bottom: 36pt
    - (d) Left, Right: 54pt
    - (e) Change: All Pages
    - (f) Apply to Parts/Score
      - Select Score and Parts
  - Settings for Windows 10 Finale
    - (a) Document → Page Format → Score
    - (b) Page Margins
    - (c) Top, Bottom: 36pt
    - (d) Left, Right: 54pt
4. Delete existing measures
  - This is necessary in Windows 10 Finale and not necessary in MacOS Finale
5. Edit Score Manager Settings

*Score Manager***Window → Score Manager**

- Instrument List
  1. Standard Notation
    - (a) Change clef for blank staff to desired clef
    - (b) Add additional standard notation clefs as needed and change clef
  2. Tablature
    - (a) Add Instrument → Tablature → Guitar [TAB with Stems]
    - (b) Change clef to serif ‘TAB’
    - (c) Notation Style → Tablature → Settings
      - i. Change the tuning
        - A. Edit Instruments
        - B. Change pitches of each string to document tuning
          - These will be MIDI note pitches
          - $C_4 = 60$
      - ii. Default Lowest Fret = 0
      - iii. Capo Position = 0
      - iv. Options
        - A. Show Triplets **checked**
        - B. Show Clef Only On First Measure **unchecked**
      - v. Fret Numbers
        - A. Vertical Offset = -4
        - B. Appearance
          - Use Letters **unchecked**
          - Break Tablature Lines at Numbers **checked**
- File Info
  1. Add all pertinent information in each of the respective sections

*Measures*

1. Edit → Add Measures
2. Add the total number of measures for the document
  - If the document has multiple movements add the total number for all movements

*Time and Key Signatures*

1. Change the time signature for the document
  - If the document has multiple changes in time signature, add all of these changes in the appropriate measures

# Document Settings

THESE ARE THE SETTINGS which are configurable through the document settings dialog.

## TAB Clef

Edit default TAB clef in Clef Designer (nudge ‘A’ and ‘B’ down)  
Font: TeXGyreSchola, Bold, 10pt

## Line Weights

Line	Weight
Barlines	5 EVPU
Ledger Lines	4.6 EVPU
Left Half Ledger Line Length	7 EVPU
Right Half Ledger Line Length	7 EVPU
Stems	2.2 EVPU
Crescendos	4.2 EVPU

Table 1: Line Weights in EVPU

## Ties

<i>Placement: Over/Inner</i>	Horizontal:	Start: −1pt	End: 1
	Vertical:	Start: 3	End: 3
<i>Placement: Under/Inner</i>	Horizontal:	Start: 9.5	End: −9.5
	Vertical:	Start −3	End: −3
